Dear Mr. Whyrick:

I am in receipt of your letter of May 4, 2006 referencing our April 2006 Quarterly report addressing what appear to be contributions that exceed the limit.

The two contributions in question represent an apparent affiliation between United Parcel Service PAC and United Pacific Fund for Effective Government. I have enclosed a letter from the Public Affairs Manager of the United Parcel Service PAC that explains that these committees are not affiliated, thereby making the contributions from these committees within the limit.

The second committee is Florida Turbine Technologies PAC. I have spoken with Karen Conway of the PAC. She completed paperwork making that PAC a multi-candidate committee on June 29, 2003. Today, she contacted the FEC and has refiled the forms electronically as a Qualified multi-candidate PAC.

I believe this addresses any concerns expressed and I will not need to amend my quarterly report.

I appreciate you bringing these items to my attention.

Yours truly,
